LINEA

## LINEA

Fresh, bright and sleek, this range provides busy lives with a sanctuary to come home to. Its numerous finishes, available in smooth or textured, create a light airy feel, perfect for entertaining or enjoying a quiet bit of solace.

Simplicity in design is carried through to the finer details, such as the urban handle-less trim option available on cupboard doors. Mix and match your design with our range of matt tones and wood grains, finishing it all off with our colour-matched carcasses, that complement this collection perfectly. Longevity is key to this range, constructed from strong durable materials.

Creating focal points, such as contrasting splash backs, gives balance to the simplicity of this design.

## DOOR DIMENSIONS

The Linea door is a flat panel door design that includes our 2mm air tech edging in a matching finish. Matching finish on back side of panels.

## AVAILABLE HANDLES

Our Urban handles open a 37mm recess at the top of each base unit door, creating a minimalistic finish with no need for any plant on handle.

Our Plant-on handles are available on a large selection of styles and finishes to suit any kitchen design. Ask your account manager for full our range of handles.

## DOOR FINISHES

The Linea range is available in a selection of matt and Textured finishes, with both wood effect and uni-colours to choose from.

## COMPLIMENTING CARCASE

Compliment your doors from our selection of standard carcase finishes. Colour matched carcasses available on demand - please speak to one of our designers.

*Note: All finishes are representative. Due to print these will not exactly match the finished product. To see these finishes speak to your local showroom for physical samples.*
